This application is related to applications 10/314,662 and 10/675,003 and is before the examiner for consideration on the merits.

I. The following is an examiner's statement of reasons for allowance:

(1) It is known in the art to digitally capture an image information by a scanning process. A digital image information is digitally adjusted to obtain a desired contrast before an image reproduction on a color photographic material. Evidence can be seen in at least Kobel (5,266,986) and Becher (5,968,718).

(2) It is also known in the art to contact a color photographic material with a solution containing an optical brightener to obtained a whitening result or to mask or to reduce a stain on color photographic material. Evidence can be seen in at least Kamada (5,534,395), Goswami et al (6,153,365) and Nakai et al (6,605,420 and (6,632,594). Patentees fail to disclose, teach, suggest or cite a method of marking photosensitive material.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

II. A telephone call is made to the office of Mr. Frank Pincelli to try to solve a trademark or trade name with respect to "Phorwite" in claim 4. However, Mr. Pincelli is not at his desk.

Art Unit: 1752

III. This application is in condition for allowance except for the following formal matters:

Claim 4 contains the trademark/trade name "Phorwrite". Where a trademark or trade name is used in a claim as a limitation to identify or describe a particular material or product, the claim does not comply with the requirements of 35 U.S.C. 112, second paragraph. See *Ex parte Simpson*, 218 USPQ 1020 (Bd. App. 1982). The claim scope is uncertain since the trademark or trade name cannot be used properly to identify any particular material or product. A trademark or trade name is used to identify a source of goods, and not the goods themselves. Thus, a trademark or trade name does not identify or describe the goods associated with the trademark or trade name. In the present case, the trademark/trade name is used to identify/describe a fluorescent and, accordingly, the identification/description is indefinite. A proper deletion is requested.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

IV. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hoa V. Le whose telephone number is 571-272-1332.
